

COACHING

Vibrant Faith Ministries views coaching as a spiritual process that helps you discover what God can do in your life and in your ministry.

At Vibrant Faith Ministries coaching is an interactive process that encourages individuals, ministry teams, congregations and larger church organizations to grow within the Vibrant Faith Frame. Congregations who have undergone our coaching process are rewarded with church leaders who are more adept at goal setting, make better decisions, and take more effective action.

The Institute's coaching process strengthens your leadership skills in three key areas - **communication, building relationships and achieving desired outcomes**. Our coaches will help you question assumptions, remove roadblocks, and stay the course.

Coaching is for people and leadership teams who want to:

- Make vibrant faith a priority for themselves and others
- Become transformational leaders
- Reach personal goals and ministry outcomes more successfully
- Identify gifts, develop skills, and expand personal capacities
- Learn and network with others who are passionate about vibrant faith
- Explore new ways to resource and equip individuals, families and congregations

Our coaching process typically involves an onsite visit as well as ongoing conversations that can be done in person, by phone, or via e-mail, Skype or iChat.
